The vision of the Bacha Khan Trust Educational Foundation (BKTEF) envisages the construction of critical discourse for a pluralist, secular, democratic Pakhtun society at peace with itself and the rest of the World and at par with the present stage of modern human civilization. The BKTEF intends to achieve this goal through the establishment of a critical educational network in all the nooks and corners of Pakhtunkhwa on the vision of the national legend, Bacha Khan. The core of this vision underpins critical thinking, creative faculty, modern skills and building on the indigenous knowledge. The revival, promotion and preservation of the pluralist Pakhtun culture and orientation of the youth with fundamental human rights, democracy, peace building and leadership skills would probably pave way for recapturing space for the secular and inclusive identity of the Pakhtuns. style="margin-left: 0.25in; text-align: left;"> 0.25in; text-align: left;">It is natural that the BKTEF would tend to strive for becoming a dynamic organization under the policy guidance of its Board of Directors. The internal growth of the BKTEF, the vertical and horizontal expansion of the school system and the development of linkages with the educational and academic organizations throughout the world have remained fundamental concerns of the BKTEF since Jan 2010 to March 2010. class="MsoNormal" style="margin-left: 0.25in; text-align: left;"> style="margin-left: 0.25in; text-align: left;">We were able to develop a sustainability plan of the existing schools, vertical and horizontal expansion plan and fund raising campaign. We are proud our success, despite need for more improvement, to bring about substantial reforms both in the Directorate of the Foundation and in the school system. The reform agenda at the BKTEF include reforms in the administration, financial system, team formation of the core team, academic orientation, response to mass enthusiasm for more expansion, orientation of the team on the vision of the BKTEF, orientation of the faculty to achieve the vision of the BKTEF and productivity of all the members at the BKTEF Directorate and the schools system. class="MsoNormal" style="margin-left: 0.25in; text-align: left;"> style="margin-left: 0.25in; text-align: left;">We are more than hopeful to see the dawn of the Pakhtun Renaissance as had been ��envisioned by the great Baacha Khan in the 20th century. @ <p class="MsoNormal" style="text-align: left;"> text-indent: 0.25in;">Dr. Khadim Hussain <p class="MsoNormal" style="text-align: left; text-indent: 0.25in;">Managing Director BKTEF <p class="MsoNormal" style="text-align: left;">@ May 2010 @ @ @ @ <p</pre> align="left">@ @ @ @ <p align="left">@ @
