“It is a matter of great pleasure that despite meager resources and tough working conditions, Baacha Khan Trust Educational Foundation (BKTEF) has emerged a leading educational network of Khyber Pakhtunkhwa in a short span of time. The Foundation provides free quality education to the underserved communities who cannot satisfy their basic right of education due to several social, economic and cultural constraints. The BKTEF is proud of Baacha Khan School’s faculty, students, BKTEF Headquarters and the relevant communities contributing to the outstanding results of 9th Grade and 10th Grade students of Baacha Khan Schools,” said Dr. Khadim Hussain, MD BKTEF, on the occasion of BISE results of various educational boards of Khyber Pakhtunkhwa.
